APRIL HEALTH EDUCATION & WELLNESS PROGRAM—HEAT STRESS & HEAT RELATED ILLNESSES: Summers in Florida can be a mixed blessing with many exciting and unique outdoor activities, but high temperatures and humidity. Heat can be annoying and uncomfortable. **IT CAN ALSO BE FATAL!** Heat stress and heat illnesses are a problem everyone should be aware of and take measures to prevent. April's packet has information on recognition, prevention and treatment of heat illnesses. Packets are available at all medical facilities, upon request to Carol Roth, 867-3414, email **Roth-1, Carol** and on the Occupational Medicine web-site: <http://sgs/sgs/sites/other/chs/occmed/index1.htm>. (TA-C2)

APRIL'S VISION SCREENING SCHEDULE: Visual Acuity Testing:

Tuesday	April 22	11 a.m. – 1 p.m.	OHF (Occupational Health Facility) (TA-C2)
---------	----------	------------------	--

COLORECTAL CANCER SCREENING: Small amounts of blood in your stool, which can be detected with hemoccult slides, can be an indication of colorectal cancer. Hemoccult slides and instructions are available at all medical facilities during hours of operation. (TA-C2)

SCREENING MAMMOGRAMS for breast cancer are available at KSC, southwest corner of the parking lot behind the Headquarters Building. Call 1-800-367-1870 for an appointment. (TA-C2)

WORK-SITE LECTURES on any health subject, requests for health information or counseling are available upon request to Carol Roth, 867-3414, email **Roth-1, Carol**. (TA-C2)

ENVIRONMENTAL AND ENERGY AWARENESS WEEK: The Environmental & Energy Awareness Week will take place on April 21-23. Visit the EEA Website at <http://environmental.ksc.nasa.gov/eeaw/eeaw2003/index.htm> and search through the exhibits and exhibitors, tours, presentations, Opening Ceremony, dates/times of events and more... Point of contact: Environmental & Energy Awareness Week, TA-C3, 867-8452. (TA-C3)

ENVIRONMENTAL & ENERGY AWARENESS WEEK: Field Trips, Presentations, Segway, Amnesty Day, Car Show and more. . . The KSC 2003 Environmental & Energy Awareness Week will be held on April 21-23, 2003. This year's theme is "**Kennedy Space Center = Kilowatts Saved Count!**" The week's activities will include an Opening/Awards Ceremony that will feature an address by Dr. Stuart D. Strahl, President/CEO Audubon of Florida. Additionally, an outdoor activity including exhibits, training, demonstrations, tours, and presentations will take place on both April 22 and April 23, 2003. Approximately 34 exhibitors, Segway demonstration, Amnesty Day, Car Show (alternative fueled vehicles), 6 30-minute presentations, and 4 field trips are planned. Check out their website: <http://environmental.ksc.nasa.gov/eeaw/eeaw2003/index.htm>. This is an excellent time for KSC employees to learn about our successes and learn what they can do to continue to foster environmental stewardship, energy conservation, and continual improvement through increased awareness. The Center Director encourages all to take part in the week's activities and to reemphasize our commitment to environmental leadership. Point of contact: Environmental & Energy Awareness Week/TA-C3/867-8452. (TA-C3)

CHS ENVIRONMENTAL HEALTH BOOTH AT EEAW: Check out the CHS Environmental Health Booth during EEAW (April 22 & April 23). They are featuring a display of ditch critters common to the Spaceport; as well as creepy crawlies which make life "interesting" in our day-to-day work at the Kennedy Space Center. Other highlights at the tables are the VAB Wetlands Stormwater Project and environmental sampling and monitoring equipment that is used during environmental fieldwork. (TA-C3)

HARBOR BRANCH ENVIRONMENTAL LABS VISIT KSC DURING EEAW: April 22 and April 23—come by the EEAW tent and visit the booth manned by Harbor Branch Environmental Labs (HBEL), a subsidiary of Harbor Branch Oceanographic Institution (HBOI) in Ft. Pierce, Florida. HBEL will have displays depicting KSC Environmental concerns such as the Indian River Lagoon Water Quality Monitoring Project, and the Astronauts drinking water monitoring program. See the collage illustrating submersibles and un-manned subs and underwater sampling. The HBOI Engineering and Marine Operations divisions aided in locating material from the Challenger incident. Enter the drawings for Boat and Campus tours at the HBOI facility in Fort Pierce and for large golf umbrellas. Spin the wheel and try to win a Harbor Branch T-shirt! (TA-C3)

SSPF AND O&C HVAC IMPROVEMENTS AND ENERGY CONSERVATION TALK: By Fulin Gui at EEAW: On April 22 & April 23 at 12:45 at the tent area, come out and here Fulin Gui, from Jacobs Sverdrup, talk about the Innovative HVAC operation configurations developed during the last two years for the International Space Station Processing Facility (SSPF) and the Operations and Checkout (O&C) facility at Kennedy Space Center. Implemented operation results reveal that payloads processing environments are more stable than before while using up to 85 percent less energy than in years past. The modification was triggered by a finding that an extreme amount of energy was being used to control the humidity. For many years, the HVAC systems in the two facilities deeply cooled air and then heated it back during most of the year, struggling to maintain the required temperature, humidity and pressure. While average temperature and humidity met the requirement, small streams of hot and humid air constantly flowed into the high bay. With extensive studies on existing systems and on the strict payload requirements, a reliable solution was developed, dehumidifying moist air continuously without re-heating it and eliminating small humid air streams. Cooling was fully utilized for dehumidification as well as sensitive heat loads. The modification did not introduce any new equipment. So far, the operations in the SSPF and O&C are close to their optimal condition. Modifications have saved NASA almost \$300,000 a year in utility costs in the SSPF and \$250,000 a year in the O&C using 2002 energy price. The modifications have established a baseline for new utility practices across KSC industrial area with the potential to save NASA \$1 million dollars annually. Point of contact: Environmental & Energy Awareness Week, TA-C3, 867-8452. (TA-C3)

TAKE A SPIN ON THE SEGWAY HUMAN TRANSPORTER DURING EEAW: Come to the **Environmental Policy Booth** during Environmental and Energy Awareness Week, April 22 & 23, and sign up to drive a Segway (HT). What is it you say? It is the first self-balancing, electric-powered transportation device. The device is narrower than a standard doorway and is clean and quiet. There are zero emissions. With dimensions no larger than the average adult body and the ability to emulate human balance, the Segway HT uses the same space as a pedestrian, and can go wherever a person can walk. The Segway HT will allow people at home and at work to go farther, move more quickly, and increase the amount they can carry anywhere they currently walk. For commercial settings, it is ideally suited for large scale manufacturing plants and warehousing operations, travel and tourism, public safety, corporate and campus transportation, as well as mail, package and product delivery. Point of contact: Environmental & Energy Awareness Week, TA-C3, 867-8452. (TA-C3)

SIGN UP FOR THE LC-34 TOUR DURING EEAW: April 22 only. Come see the "proving ground" for new and innovative methods for cleaning up contaminated groundwater. During the Apollo Program, there was little if any guidance for the disposal of spent solvents. Regulatory agencies like the U.S. EPA didn't even exist until December of 1970, and edicts outlining appropriate disposal practices were even later in coming. Hence the evolution of the groundwater problem at the Apollo Launch Pads. Launch Complex 34 (LC34) was the site of the Apollo 1 accident and the Apollo 7 launch. The Engineering Support Building at LC34 was used to clean many of the engine and rocket parts associated with the Program, and the spent solvents used during this cold-war era were discharged to grade through existing floor drains in the building. The solvents used are especially difficult to remove from the groundwater, and new methods for extracting or degrading the contaminant were recently tested at the site. This tour will highlight these technologies and explain the difficulties associated with the removal of this contaminant from the subsurface. The tour will take place on April 22 at 11:30 a.m. Limited van seating. You must have your supervisor's permission to attend the tour. Meet at the EEAW Welcome Table for departure 5 minutes before start of tour time. Please contact Jackie Quinn to sign up for the tour, 867-8410, or email Jacqueline.W.Quinn@nasa.gov, to reserve a seat. Point of contact: Environmental & Energy Awareness Week, TA-C3, 867-8452. (TA-E3)

ENVIRONMENTAL PERMITTING AND COMPLIANCE BOOTH—EEAW: Do you know what the major stationary air emission sources and pollutants are at KSC? Do you know what emissions they put out and how it affects you and the environment? Come see how KSC benefits from NASA's Title V Air Permit and find the answers to these questions at the Environmental and Energy Awareness Week, April 22 & April 23. Point of contact: Diane Ely, TA-C3, 867-1083. (TA-C3)

AMNESTY DAY: Amnesty Days during EEAW 2003 will be held at the O&C Parking Area on April 22 and at the VAB Parking Lot E on April 23. This presents an excellent opportunity for KSC workers to dispose of unwanted Government chemicals. The chemicals may be from any KSC office, shop, laboratory or POL. All types of chemicals will be accepted except for biohazardous materials, radioactive materials and explosives. Point of Contact: James A. Chappell CHMM, Lead Environmental Engineer, CHS Waste Operations, 861-1330, fax 867-9466. (TA-C3)

FDEP: Come visit the FDEP table. Pick up pamphlets on hiking and biking trails and canoe trips and see where your taxpayers' dollars are going. (TA-C3)

THE DEP HAZARDOUS WASTE INSPECTION PROCESS BY JANINE KRAEMER, FDEP: Please join Janine Kraemer from FDEP discussing how FDEP conducts inspections, what FDEP looks for (e.g., records, personnel training, process review, waste determination, etc) and FDEP's enforcement process including penalty calculations associated with violations. (TA-C3)

MIDDENS, MOUNDS, CANALS AND CASTLES: A Look at KSC Before the Space Age by Joan Deming, Archaeological Consultants, Inc. The first people to occupy the KSC area arrived several thousands of years ago. Evidence of their occupation takes many forms, from light scatterings of artifacts found on the ground surface to burial mounds and shell middens marking the locations of the dead and the living. After the last aboriginal populations vanished from the area, early American settlers made their homes where the Indians once lived. Hidden in remote places not far from where man was launched into space, archaeologists have uncovered the sites of homesteads and commercial enterprises, as well as the remains of an old fort and canal. Ms. Deming's presentation will focus on the results of a multi-year archaeological survey of the KSC. After the presentation, join Joan for a hands-on look at some of the "stones and bones" discovered during her investigations. The presentation will take place on April 22, during Earth Week Celebration, at 12 noon, in the tent area (in front of the O&C Building/O&C Parking Lot). (TA-E3)

SGS/PROPERTY MANAGEMENT: Check out the SGS/Property Management table, which will provide information on KSC's Recycling Program at the Reutilization, Recycling and Marketing Facility (RRMF). Learn about Computers for Learning (CFL) Program and information on the 2003 Sales and Auctions at Ransom Road and how excess equipment and property is handled. (TA-C3)

JUNK MAIL: How can I reduce the amount of junk mail that my family receives? Register with the name removal file by mailing your name, home address and signature on a letter or postcard to: Mail Preference Service Direct Marketing Association, P.O. Box 9008, Farmingdale, NY 11735-9008. Within 3 months your junk mail should reduce by 75%. Point of contact: Environmental & Energy Awareness Group, TA-C3 867-8452/867-8413. (TA-C3)

RANSOM ROAD TOUR—APRIL 22 & APRIL 23: Do you know what happens to the equipment and material when excessed at KSC? Where does it go? To find out the answers to these questions, sign up for the Ransom Road Tour during Environmental & Energy Awareness Week (EEAW), April 22-23. There will be two tours each day for approximately 1 hour in length. The first tour will start at 10:00 and the last tour will start at 1:00. You must have your supervisor's permission to sign up for the tours. Please contact Dave Koval at 867-4137 to reserve a spot on the van. You will need to meet 5 minutes before the start of each tour at the Welcome Table during EEAW. Remember, April 22 we will be at the KSC Industrial Area/O&C Parking Lot and then on April 23 we will be at the VAB Area/Parking Lot E. See you at the event! (TA-C3)

NASA'S RECYCLING AND AFFIRMATIVE PROCUREMENT PRINCIPAL CENTER: Please come visit our booth and discover what NASA's Recycling and Affirmative Procurement Principal Center has to represent. Our display will provide data in recycling and buying recycled for years 1998-2002, free NASA purchase card sleeve holders and recycled eco golf tees will be available. Take a chance and play a game on guessing the amount of lbs. of paper KSC recycled last year. The closest guesser will win an 8x10 recycled tire frame. Come out and support EEAW. (TA-C3)

BACK BY POPULAR DEMAND—WIN A HELICOPTER RIDE OR AIRBOAT RIDE: Come to the **Natural Resources Booth** during Environmental and Energy Awareness Week, April 22 & 23, and play **"THE GOOD, THE BAD, & THE UGLY"**. Learn about the GOOD species of plants and animals that are found here at KSC, learn to know which ones are BAD, and which ones are just plain UGLY. Try your luck/skill at the bean bag toss and win a chance at a Helicopter tour of KSC or an airboat tour of the Indian River Lagoon. Point of contact: Environmental & Energy Awareness Week, TA-C3, 867-8452. (TA-C3)

HOUSEHOLD HAZARDOUS WASTE AND ELECTRONIC COLLECTION EVENTS: FREE to residents. The Brevard County Board of County Commissioners is sponsoring a **"Household Hazardous Waste and Electronics Collection Event"** at Lowe's Home Improvement Center. The event will take place on April 5, at the Rockledge store, 3790 S. Fiske Boulevard. Time of the event is 9 a.m. to 3 p.m. ONLY. Residents can drop off 5 household electronic items, FREE of charge. Household Hazardous Waste includes brake fluid, car batteries, gasoline, lawn and garden chemicals, paint, paint thinners, pool chemicals, rechargeable batteries, solvents, used motor oil and used oil filters. What is E-scrap? Items such as computers, laptops, monitors, printers, scanners and televisions. Businesses interested must contact U.S. Liquids at 1-800-624-5302, ext. 231 for disposal and cost information. For more info on the event contact 635-7954 or visit their website at <http://www.countygovt.brevard.fl.us/swr/hhwspring2003.htm>. (TA-C3)

AUDIT YOUR HOME FOR ENERGY SAVINGS: Determine which parts of your home use the most energy, and how you can best reduce your energy costs, by performing an energy audit. You can conduct a simple audit yourself, contact your local utility, or call an independent energy auditor for a more comprehensive examination. Check your home's insulation levels, and check for open fireplace dampers. Look for holes or cracks around doors, light and plumbing fixtures, and other places where air may leak into or out of your home. Make sure your appliances and heating and cooling systems are properly maintained, and study your family's lighting needs and use patterns, paying special attention to high-use areas. Once you've determined where your home is losing energy, assign priorities to your energy needs; make smart purchases and home improvements that maximize energy efficiency and save the most money. For more information on home energy audits, visit http://www.eere.energy.gov/consumerinfo/energy_savers/energyuse.html. Point of contact: Environmental & Energy Awareness, TA-C3, 867-8452. (TA-C3)

CHECKOUT THE E85 MINIVAN AT EEAW: The 2000 Dodge Caravan can run on regular gas or E85, a mixture of 85% ethanol and 15% gasoline. The ethanol comes from corn grown in the USA, a renewable resource. Any vehicle using the E85 fuel gets slightly reduced mileage, and has slightly reduced power, but the engine's interior remains sparkling clean over thousands of miles. Exhaust pollutants are greatly reduced. Come visit the car show and see the E85 Minivan at the Environmental & Energy Awareness Week celebration on April 22 and April 23 from 9 a.m. to 3 p.m. (TA-C3)

ENERGY 101 PRESENTATION DURING EEAW: Come hear Kevin P. Riley, P.E., from the SGS Energy Management Office, speak about energy-related concepts, including the difference between energy and power. Answer the Who, What, Where, How, and Why of energy at KSC. When: April 22 and April 23. Where: At the Environmental & Energy Awareness Tent. Time: 10:00 a.m. -10:30 a.m. Point of contact: Environmental & Energy Awareness Week, TA-C3, 867-8452. (TA-C3)

SAFETY AND SECURITY OF INDOOR AIR QUALITY: Come hear Henry M. Healey, P.E., of Healey and Associates, discuss how your IAQ can be compromised and what to do about it; concrete advice on breathing healthy air at home and at work. When: April 22 and April 23. Where: At the Environmental & Energy Awareness Tent. Time: 10:45 a.m. - 11:15 a.m. Point of contact: Environmental & Energy Awareness Week, TA-C3, 867-8452. (TA-C3)

ENVIRONMENTAL & ENERGY AWARENESS WEEK SPEAKER: Dr. Stuart D. Strahl, President/CEO of Audubon of Florida, will be our guest speaker for the Environmental & Energy Awareness Week Opening Ceremony. The ceremony will take place in the KSC Training Auditorium on April 21 at 10 a.m. Join us in welcoming Dr. Strahl to KSC. Dr. Strahl has 20 years of background in national and international programs. He is a career conservationist with deep experience in applied science, restoration ecology, public policy and not-for-profit management. He also serves as Vice President and Everglades Conservation Director of the National Audubon Society and Research Fellow and founding Director of Latin American Programs for the Wildlife Conservation Society. Audubon www.audubonofflorida.org has a long history of conservation in Florida. Ensuring that conservation becomes a common interest in Florida rather than continuing as a special interest, National Audubon Society <http://www.audubon.org> and Florida Audubon Society have formed a strategic alliance in partnership with 43 local Audubon chapters, becoming Audubon of Florida. Point of contact: Environmental & Energy Awareness Week, <http://environmental.ksc.nasa.gov/eeaw/eeaw2003/index.htm>. (TA-C3)

THE KSC FITNESS CENTERS INVITES YOU TO JOIN US: The friendly atmosphere here in the fitness center is apparent when you walk in the door. Our staff wants you to feel right at home. Whether you would like to lose weight, get stronger, just get away for an hour a day or whatever your goals may be we will help you get there. The KSC Fitness Centers, located in the O&C and the OSB, both have a myriad of programs. We have on-site massage therapists three times a week; free personal training, state-of-the-art equipment (both cardio and strength training) and a complete aerobics series. With over 20 group fitness classes offered weekly at the KSC Fitness Centers, we offer classes for the beginner, intermediate and advanced exerciser. From heart pumping classes like Step Kick, Impulse and Power Walking to serene and calming classes like Yoga and Pilates, our group fitness classes provide another way to improve your quality of life. Personal training is one-on-one, personalized strength, cardiovascular, and flexibility training. Whether your goals are to lose weight, gain muscular size, strength, improve sport performance, injury prevention, or desire to have the weekly commitment, a personal trainer can help you attain your goals. Sessions are FREE and range from 30 minutes in length to one hour and can be scheduled to accommodate your busy schedule. Remember, no matter what shape you're in, we are here to help you reach your goals! www.fitness.ksc.nasa.gov. <mailto:orrindl@kscems.ksc.nasa.gov>. (TA-C2)

CANCER SUPPORT GROUP: SGS/CHS offers a Cancer Support Group for KSC/CCAFS personnel who wish to participate. The group convenes every Thursday at 11 a.m. for approximately 45 minutes in the Occupational Health Facility, Building M6-495 Library. The group is intended for those undergoing treatment, those in remission, survivors and caregivers. Bring your lunch and join in for this informative support group. Please email Nancy Zuhlke at nancy.zuhlke-1@kmail.ksc.nasa.gov or call her at 867-2025 for more information. (TA-C2)

MASSAGE THERAPY...TO MANAGE AND RELIEVE STRESS: Now offered Tuesdays, Wednesdays and Thursdays at KSC! Do you need to relieve some stress, relax, and feel a sense of well-being? Are your muscles sore? If you answered yes to one or more of these questions then you could benefit from MASSAGE THERAPY. Call the following Licensed Massage Therapists today for more details and to schedule your appointment. Hurry, appointments fill up quick!

Tuesday and Wednesday appointments, contact Valerie Jaramillo at 321-543-1047.

Thursday appointments, contact Stacie Gioia at 321-453-4482.

REPORTING EMERGENCIES: To report any emergency on KSC, whether it is fire, security, or medical related, (including possible hazardous commodity exposure); dial 9-1-1 or 867-7911 from a cell phone. For walk-in type first-aid treatment, the Occupational Health Facility is open Monday - Friday from 7 a.m. to 5 p.m., and the Launch Area Clinic is open Monday-Friday 7 a.m. to 3 p.m. Hours other than those, call 9-1-1 for emergencies and/or first aid type treatment. **After normal working hours, the non-emergency medical related assistance will be coordinated through the 9-1-1 operators.** (TA-E2)

EMPLOYEE ASSISTANCE PROGRAM: All employees are reminded that the Employee Assistance Program offers free, confidential counseling to all Kennedy Space Center and Cape Canaveral Air Force Station employees. Appointments are necessary to ensure adequate time. This program is available Monday through Friday, 7:30 a.m. to 4:00 p.m. Appointments may be made by calling 867-7398. (TA-C2)

FLAGS AT HALF STAFF: The flags of the United States flew at half staff at the Kennedy Space Center beginning on March 28, 2003, in memory of Texas Forest Service employee Charles Krenek and Pilot J. "Buzz" Mier of Arizona who were killed in the crash of a helicopter involved in the search for Space Shuttle Columbia debris on March 27, 2003, near Broadus, TX. (TA-E2)

FLAGS AT HALF STAFF: The flags of the United States flew at half staff at the Kennedy Space Center on March 31, 2003, in memory of Dennis W. Smith, a Site Test Conductor for USA. Mr. Smith died on March 27 and his funeral was March 31, 2003. (TA-E2)

PHOTOGRAPHIC AND VIDEOGRAPHIC SUPPORT: Request for photographic and/or videographic support may be obtained by calling the Aerospace Imaging customer service desk at 867-4308 located in KSC Headquarters Building, Room 2340. Support is also available at the Cape, in Building 1605, at the pickup/drop-off service desk and can be obtained by calling 853-5765. For more information on the wide range of services available visit website: www.Aerospaceimaging.com. (PZ-J-C)

KSC LIBRARY: You may obtain copies of the following specifications in HQ, Room 1124, by sending a request to mail code **Library-D**, calling 867-3613, or **mailto:KSCLibrary@jbosc.ksc.nasa.gov**.

JSC-NSTS-08060, Revision J, (Change 99), 3/19/2003 "Space Shuttle System Pyrotechnic Specification"

JSC-SL-E-0002, Book 3, Volume 1, Change 1, 3/21/2003 "Specification electromagnetic interference characteristics, requirements for equipment" Book 3: "New or modified equipment."

These specifications can also be found at: **http://sspweb.jsc.nasa.gov/webdata/pdcweb/subdocs.htm**. (TA-E1)

KSC LIBRARY: The NASA-wide library catalog, NASA GALAXIE, is available to KSC civil service and contractor personnel via the World Wide Web at **http://nasagalaxie.larc.nasa.gov/**. (TA-E1)

KSC LIBRARY—INTERNET RESOURCES: Applied Science and Technology Index and Business Periodicals Index are now available on the World Wide Web from KSC networks at **http://wilsonweb2.hwwilson.com/autologin/**. For assistance call 867-3600. (TA-E1)

KSC LIBRARY—INTERNET RESOURCES: The "Index of KSC Specifications and Standards," KSC GP-364, is available on the World Wide Web. Active ones are available in full text PDF versions at **http://www-lib.ksc.nasa.gov/lib/gp364.htm**. (TA-E1)

INSPECTOR GENERAL: The Office of Criminal Investigations (OCI) is the investigative arm of the NASA Inspector General (IG). The OCI is an independent entity and reports directly to Robert Cobb, the NASA IG, in Washington D.C. The primary mission of this component is to conduct criminal and civil investigations of reported or suspected fraudulent acts by employees, contractors, and others relating to the administration of NASA contracts and programs. Although emphasis is placed on major procurement fraud, (particularly allegations of defective/substandard parts, mischarging, kickbacks, bid rigging, and research fraud), investigations are also conducted of theft, conflict of interest, environmental and hazardous waste violations, health care fraud, and computer related crimes. OCI also provides fraud briefings for Government and contractor employees that are designed to highlight potential risks concerning fraud and related matters. Suspected violations can be reported by calling 867-4714 locally, the toll free Hotline at 1-800-424-9183, or by writing NASA Inspector General, P. O. Box 23089, L'Enfant Plaza Station, Washington, D.C. 20024. The OIG Cyber-Hotline can be accessed at **www.hq.nasa.gov/office/oig/hq**. (OIG)

FEDERAL EMPLOYEE WORK-RELATED INJURY: Federal employees are reminded that they are responsible for notifying their supervisors and seeking first-aid care from the KSC Occupational Health Facility for any injury which occurs on the job. For more information, contact Jeanine Meister at 867-8229. (TA-C2)

CONFIDENTIAL FINANCIAL DISCLOSURE REPORT (OGE FORM) FILING: Those individuals reporting to a position for which there is a requirement for an initial and annual 450 filing are reminded the INITIAL filing must be completed no later than 30 days after reporting to that position. Forms are available from the Office of Chief Counsel by calling 867-2552. (CC)

MISUSE OF THE NASA INSIGNIA: Use of the computer templates, containing the NASA Insignia, for the production of NASA letterhead in electronic form is not authorized and should be removed from all computer systems. The Associate Administrator for Public Affairs has requested all NASA centers use only the printed NASA letterhead stationery. "The use of computer file NASA Insignias to custom design stationery provides opportunities for image manipulation and standards degradation which will adversely reflect the professional image of the Agency." If not approved for specific applications, electronic images of the NASA Insignia ("meatball") should be removed from computer systems. (TA-E1)

KSC TOASTMASTERS: Space Center employees are constantly in the public eye and in situations which require them to represent the United States Space Program. Employees are encouraged to develop their communication and leadership skills to meet this challenge. Toastmasters International is a professional, multi-level training program for both beginning and advanced education in the critical skills of "listening, thinking, and speaking"—all important tools in both the work environment and your personal lives. NASA has recognized this by reimbursing civil servants for the cost of training. For more information on the Toastmasters organizations and the three different locations/dates for training sessions at KSC and CCAFS, contact Mike Schnoke, Jack Jamba, Bill Cleaver, or Nona Mamaradlo at 784-7502.
